EXPERT PROFILE

I am a Consultant Trauma and Orthopaedic Surgeon and specialist knee surgeon at York and Scarborough Teaching Hospitals NHS Foundation Trust, dual fellowship-trained in soft tissue knee surgery and lower limb arthroplasty at Wrightington Hospital. My practice covers both soft tissue knee surgery and knee arthroplasty. I have private practice at Nuffield Health York Hospital and Clifton Park Hospital (Ramsay Health), York. I was previously Major Trauma Lead for the East Coast (Scarborough, 2022–2023).

I have prepared medico-legal reports since 2019 and have completed over 750 medical and orthopaedic reports in personal injury and clinical negligence claims. I have attended court as an expert witness. My reports are independent, balanced and evidence-based, and are prepared in accordance with CPR Part 35 and its Practice Direction.

750+	Since 2019	CPR Part 35	100% knee
medico-legal reports	expert practice	compliant reports	elective NHS and private practice

AREAS OF EXPERTISE

- **Knee injuries and reconstructive knee surgery:** ligament injuries (ACL, PCL, collateral and multi-ligament), meniscal and chondral injuries, patellar instability, patellofemoral disorders and extensor mechanism injuries; multi-ligament reconstruction, cartilage procedures and extensor mechanism allograft transplantation
- **Fractures around the knee:** tibial plateau and proximal tibial fractures, distal femoral and patellar fractures, periprosthetic fractures
- **Post-traumatic and degenerative arthritis:** joint preservation, osteotomy around the knee, partial and total knee replacement and their complications
- **Paediatric, adolescent and young adult knee conditions**
- **General adult and paediatric trauma** of the upper and lower limb, within my consultant trauma practice
- **Clinical negligence:** breach of duty and causation in knee surgery, knee trauma and orthopaedic care; condition and prognosis reports

MEDICO-LEGAL PRACTICE
